

WALK IN WITH A DREAM

Walk in with a dream, wish or idea for your non-profit and walk out with your grant proposal draft in hand!

If you and your non-profit organization know that with additional funding you could accomplish far more, why not learn the secrets to writing a fundable grant?

The Laguna Beach Community Alliance, a special project of the Laguna Beach Woman's Club, is sponsoring **Proposal Power**, a grant-writing workshop that will be held on January 25th, 2011, from 8:30 – 3:00 p.m. at the Woman's Club.

At this one-day workshop, you will be guided by competent facilitators who are experienced in the art of creating fundable grants. You will be provided with state-of-the art, nationally validated processes and materials and guided through the grant writing process.

Proposal Power is a program of Education 21 West (<http://education21.org>), a non-profit organization, using material developed by Dr. Mary Martin, a renowned proposal writer and a resident of this community until her passing in 2007.

Proposal Power will guide you through the pre and post steps of identifying funding entities that are a match for your organization, writing a fundable grant with your designated team and will even be readily available to assist you after the workshop in submitting your finished grant proposal.

This workshop is hands-on, highly interactive and designed to foster increased confidence in your ability to find and fund the future dreams of your local non-profit organization.
